## Divine Methods in Spirituality

*"I am very grateful to Darlene for her energy work which she generously shared with me in a time of deep despair. She was encouraging, firm, compassionate, empathic and present. She helped me to dive deep into my Self to look for the love, care and understanding that seemed to have fled my life. She empowered me to become whole and to bring my gifts to the world. I am still on my journey, but I have less fear and anxiety as I look forward to the rest of my life. Thank you, Darlene!"*

### CELESTIAL HEALING

*In the universe and beyond we access the energies of the Ascended Masters, Teachers, Guides, Angels and Loved Ones. Energy work simply reaches into and connects beyond your own physical space. Akashic Records open the door to retrieving wisdom from your Masters, Teachers and Loved Ones. Melchizedek energy treatments call on the Ascended Beings. Always relying on your deepest wisdom to direct all energy work, Darlene-Marie will guide the process, but you will decide how far it will take you.*
